

CHORE-TIME® VERSA® PLUS Deep Colony Systems

Let's grow together™

Deeper, Wider Compartments with Enrichment Options

Chore-Time's VERSA® PLUS Colony System with enrichments. Furnishings can also be added at a later date.

When you need a deeper, wider colony compartment, Chore-Time's Modular VERSA® PLUS Colony System with Manure Belt offers the compartment size options you need. Removable backs and partitions let you configure the compartments several different ways to meet your bird space requirements. The VERSA PLUS System is also able to be fully enriched from the beginning or at a later date.

System Features

- Better accommodates house space in some buildings – particularly in retrofit situations – **may even save a row of cages in some house layouts!**
 - Mix and match rows of VERSA® PLUS and VERSA® Systems in the same house to best suit your space needs.
 - Enrichments include:
 - Easy-to-grip, plastic perches.
 - Nest pad area with flexible red curtains.
 - Scratch panels for keeping claws trimmed.
 - Litter pad for dust baths.
 - Size options for Chore-Time's VERSA® PLUS Colony System include models from 3- to 12-high in rows up to 520 feet (160 meters) long; walkways are easily integrated.
 - Compartment backs are optional from the start or can be removed later.
- Easily removable mesh partitions improve ventilation. Compartment width is determined by the number of partitions removed. Height is 22 inches (55.9 cm).
 - Independently mounted CHORE-TIME® Watering System is not affected by removal of partitions and includes two drinker lines.
 - Features Chore-Time's famous, feed-saving ULTRAFLO® Feeding System.
 - Floor slope improves egg roll-out, and distance to egg tray helps protect eggs from damage.
 - Modular design makes repairs and manure belt access easier. Legs on 30-inch (76-cm) centers make leveling simpler.
 - Manure belt support structure creates a concave belt surface.
 - Convenient assembly process features innovative interlocking parts and requires fewer rings.
 - Tall, full-open horizontal doors provide comfortable access to feed and easier bird placement/removal.
 - Compartments and structural components are manufactured using all galvanized steel construction and Galfan® floors for even greater durability.
 - Flexible floor has tighter mesh spacing in bird standing area to provide a better surface for birds' feet.
 - Floor support is simple continuous rod construction.
 - System is covered by Chore-Time's generous warranty and solid backing. (See Chore-Time's written warranty for complete details.)

Chore-Time's Enrichable VERSA® PLUS Colony System can be configured a variety of ways and enrichments may be added.

Galfan is not owned or licensed by CTB, Inc. and is the sole property of its respective owner.
